

**TECHNOLOGY LEADER**

# The Most Advanced Pre-Applied Waterproofing System

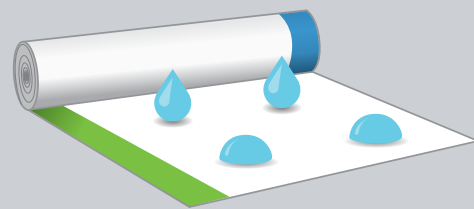

## Performance has a name... GCP Preprufe®

**PERFORMANCE**

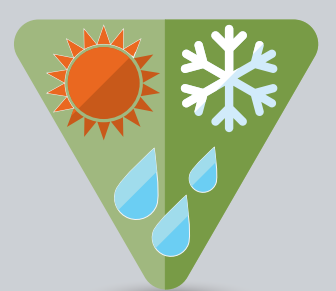

Preprufe® has been proven to resist water migration\*

**Preprufe Plus roll** smooth, non-absorbent surface resists site contamination

Only 2 operators required for installation

Used on critical projects in a wide range of site conditions

Preprufe® performance has been trusted in some of the most challenging building projects worldwide.

**PROVEN**

**50 MILLION SQUARE METRES**

Over 50 million square metres of Preprufe® has been installed world wide

Preprufe® has been supplied to more than 75 countries

**20+ YEARS**

Preprufe® has an unparalleled track record of over 20 years

**Serving all markets & industries:**

- Airports
- Arts/Education/Health
- Stadiums
- Energy/Industry
- Commercial
- Mass Transit

**INNOVATIVE**

**#1**

GCP developed the first, fully-bonded, pre-applied technology

ZipLap™ technology allows for fast installation

No equipment or primers required for installation

**Advanced Bond Technology™**

Engineered to provide a permanent and integral, adhesive seal to concrete.

GCP Preprufe® is supported by years of experience and unparalleled technical service.
